

800G PoE Switch with 3-Year Warranty

Article Overview

For high-density 800G networking, Cisco N9364E-SG2 is ideal, while NETGEAR GS308EPP offers PoE+ with a 3-year warranty for smaller setups.

NETGEAR GS308EPP PoE+ Switch

The NETGEAR GS308EPP is an 8-port Gigabit Ethernet PoE+ switch with a 123W PoE power budget, suitable for powering devices like IP cameras, VoIP phones, and wireless access points over a single cable . Key features include:

- **Managed Switch Capabilities:** Supports VLANs, QoS, IGMP Snooping, and port-based PoE control for optimized network performance .
- **Flexible Installation:** Desktop or wall-mountable design with a fanless, quiet metal housing .
- **Warranty:** Comes with a 3-year warranty through Cloud Care SupportPlus, ensuring product protection and support .
- **Ease of Use:** Plug-and-play setup with a simple web interface for basic management . This switch is ideal for home offices, small businesses, or branch offices where PoE devices need reliable power and network connectivity.

Cisco N9364E-SG2 800G Switch

For high-performance 800G networking, the Cisco N9364E-SG2 is a 64-port, 2RU switch designed for data centers and cloud environments . Key highlights:

- **High Bandwidth:** Supports 800G fabrics with 51.2 Tbps of bandwidth and 256MB on-die packet buffer .
