

Bolivia 48-core fiber optic distribution box directly from manufacturer

Article Overview

High-quality 48-core fiber optic distribution boxes are available for direct purchase from manufacturers with options for indoor/outdoor use, IP-rated enclosures, and international shipping to Bolivia.

Product Overview

-

High-Density 48-Core Distribution Box: Designed for FTTH and FTTX deployments, these boxes support up to 48 fiber connections, with durable ABS/PC+ABS construction suitable for wall or pole mounting .

-

Weatherproof and IP-Rated Options: Many models, such as the SJ ODB M12 and HTB8048, feature IP55 or IP65-rated enclosures, protecting against dust, moisture, and UV exposure, making them suitable for outdoor installations in Bolivia .

-

Cable Management and Splitter Integration: Boxes typically include rear splice areas, front interconnect panels, and support for multiple splitters (up to 3), allowing organized fiber routing and easy maintenance .

-
