

Cable tray electrical

Overview

Cable trays, or carrier trays, are mechanical support systems for cables. They provide a robust structural that accommodates and safely transports cables from one point to another. Wire Mesh Cable Tray. Constructed from high-quality welded steel wire, Cablofil® Wire Mesh Cable Tray is the result of decades of research and over 94,000 miles of installed tray across the globe. From heavy power cable pathways on oil drilling platforms to data center cabling, explore the cable tray that's strong yet. ABB designs and manufactures cable tray systems, including perforated tray, cable ladder, channel tray and strut (metal framing), directly from production facilities in Canada and Saudi Arabia. Basor Electric, the premier choice for cable management solutions, delivers unparalleled quality and innovation in cable tray and ladder systems.
