

Cable tray molded cable tray price

Article Overview

Molded cable trays typically cost between \$10 and \$50 per meter, depending on material, size, and load capacity.

Price Range and Factors

Molded cable trays, usually made from PVC, fiberglass, or other halogen-free plastics, are designed for lightweight to medium-duty cable management. The price varies based on:

- **Material:** PVC trays are generally cheaper (\$10–\$20 per meter), while fiberglass or flame-retardant composites can cost \$25–\$50 per meter.
- **Size and Width:** Wider trays or those with higher sidewalls for more cables are more expensive. Standard widths range from 50mm to 300mm.
- **Load Capacity:** Trays rated for heavier cable loads or industrial use cost more.
- **Finish and Standards Compliance:** Trays meeting DIN EN 61537 or other international standards may carry a premium .
- **Supplier and Quantity:** Bulk orders often reduce per-meter cost, while small orders or specialty trays may be higher .

Additional Considerations

- **Accessories:** Couplers, bends, and supports are sold separately and can add to the total cost .
- **Delivery and Installation:** Shipping and installation costs vary by region and supplier. Some suppliers offer free delivery over a certain order value .
