

Data Center Smart Home Power Distribution Box

Overview

Designed for data centers, server rooms, and IT setups, smart Power Distribution Units offer advanced features like remote monitoring, individual outlet control, power metering, and energy tracking. The box gets power from the utility company. Your home distribution box should do more than just split. Optimize your power management with smart PDUs from Server Racks Online. ABB power distribution solutions include: Full one-line portfolio including transformers, high, medium and low voltage switchgear. We have designed new 32CH Smart Distribution Panel With Energy Monitoring. Controller based on ESP32-S3-WROOM-1U (N16R8) wifi chip, it have 32 manual control switch buttons can turn ON/OFF relay even. We have designed new 8CH Raspberry Pi distribution board, it's very powerful Linux Computer, made. From basic PDUs, to monitored and switched rack power distribution units, to locking receptacles, Vertiv's solutions will offer the power distribution you need, as well as remote monitoring and management of your assets' power usage, so you can rest assured everything is running at peak.
