

Dubai Outdoor Optical Cable Prices

Article Overview

Outdoor fiber optic cable prices in Dubai range from AED 5 to over AED 50 per meter depending on type, quality, and core count.

Price Overview

Current outdoor fiber optic cable prices in Dubai vary based on several factors: single-mode cables are generally more expensive than multimode due to higher performance, while high-capacity or armored cables can exceed AED 50 per meter. Standard outdoor cables typically cost AED 5 to AED 30 per meter . Bulk purchases often reduce the per-meter cost, and suppliers may offer bundled deals including connectors, patch panels, and installation support .

Types of Outdoor Fiber Optic Cables

- Loose Tube Cables: Core strength is centralized and surrounded by loose tubes, often filled with water-blocking gel for moisture protection .
- Ribbon Fiber Cables: Multiple fibers arranged in a flat ribbon for high-density applications .
- Armored Cables: Steel or other protective layers for harsh environments, ideal for underground or high-risk areas .
- Aerial Cables: Designed for overhead installation with extra tensile strength .

Core Counts and Modes

- Single-mode (OS1/OS2): Suitable for long-distance outdoor transmission, higher cost .
