

Fireproof and standard cable trays in the UAE

Article Overview

Fire-resistant cable trays in the UAE are available from leading manufacturers like West Port, Unigroup, Ferrotech, and Metar, offering solutions in steel, FRP, and galvanized finishes for industrial, commercial, and infrastructure projects.

Key Suppliers and Manufacturers

- West Port – Offers a wide range of fire-resistant cable trays and accessories, including perforated, ladder, and solid bottom trays. Their systems are designed to maintain structural integrity under high temperatures, limit flame spread, and control smoke release, making them suitable for evacuation routes and critical infrastructure projects .
- Unigroup – Provides high-performance cable trays manufactured in the UAE with advanced fire and corrosion resistance. Their offerings include perforated, ladder, wire mesh, and GRP (Glass Reinforced Polyester) cable management systems, engineered for ease of installation and long-term reliability .
- Ferrotech – Specializes in FRP (Glass Armoured thermoset fire retardant resin) cable trays, which are anti-corrosive, UV resistant, electrically insulating, and low in thermal conductivity. Available in perforated and ladder types, these trays come with a full range of fittings and accessories to meet project-specific requirements .
