

How much does a Zhongya Precision Network Cabinet cost

Overview

These units range from 12U to 27U and cost between \$300 and \$800. In addition, they provide better ventilation and easier access to equipment. Open frame racks are particularly popular because they allow excellent airflow. However, understanding what drives these costs will help you make a smart buying decision. Opt for factories that offer OEM capabilities, thus you can obtain a cheap yet efficient solution tailored to your. Using an inappropriate material—such as untreated iron in a humid location—can lead to premature failure, equipment damage, and increased maintenance costs. How to choose outdoor network cabinet material: 1. Cold rolled steel : General waterproof, waterproof requirements are not high (Many landlocked countries use this type) -- Cheaper, but it's less resistant to corrosion 2. Chengdu Tongyong Xingda Electrical Cabinet Co. Established in 1999 with over 20 years experience in sheet metal. They are available in a range of sizes from 2U to 42U to accommodate different types of applications for your network.
