

# How tall is an 18-position electrical distribution box

## Overview

Typical wall-mount enclosure sizes often range from about 200 × 200 × 120 mm up to 800 × 600 × 300 mm. Freestanding cabinets commonly range from about 1600–2200 mm in height, 600–1800 mm in width, and 300–600 mm in depth. The right size depends on internal layout, cable entry space, bend radius, commercial, and industrial settings. With its durable construction, flexible compatibility, and outstanding safety features, this panel box ensures effective power distribution and protection. ABS base + PC transparent cover, reinforced lock buckle, rated IP65 for outdoor/indoor reliability. Discover our 18 Way Distribution Box HT-18 IP65 - a robust and weatherproof electrical enclosure for organizing.
