

Nicaragua Optical Cable Traction Machine Manufacturer

Article Overview

Shandong Keruide Heavy Machinery Co., Ltd. supplies optical cable traction machines to Nicaragua, and local companies like WORKCORP and TELENICSA provide installation and fiber optic network services.

International Manufacturer

Shandong Keruide Heavy Machinery Co., Ltd. is a leading manufacturer of fiber optic cable traction machines that operates in Nicaragua, among other countries such as the USA and the Philippines. Their machines are designed for both overhead and underground fiber optic cable installations, reducing construction costs and improving efficiency. The equipment consists of an engine, gearbox, and transmission device with jaws that allow smooth cable loading and unloading. They offer OEM services, product customization, and have over 20 years of production experience, ensuring reliable delivery and technical support .

Local Nicaraguan Companies

- WORKCORP Nicaragua provides certified services in fiber optic and structured cabling systems. They offer installation, testing, and maintenance of fiber optic networks, ensuring compliance with international standards. Their expertise includes both copper and fiber optic cabling, as well as network infrastructure design and support .
