

Price List for Fire-Resistant Cable Trays in China and Africa

Article Overview

Fire-resistant cable trays in China typically range from \$1.50 to \$6.00 per meter depending on material and fire rating, with African prices generally higher due to import and logistics costs.

Pricing in China

Chinese suppliers offer a wide range of fire-resistant cable trays, including galvanized steel, powder-coated steel, and FRP (fiberglass) trays. Typical price ranges are:

- Value/Basic galvanized steel trays: \$1.50 - \$1.90 per meter, suitable for high-volume, cost-sensitive projects .
- Mid-market steel trays with certified fire resistance: \$2.20 - \$2.80 per meter, balancing durability and price .
- Premium FRP or composite trays with 1-2 hour fire ratings: \$4.50 - \$6.00 per meter, ideal for chemical plants, coastal areas, or high-risk installations . Chinese manufacturers like Liaocheng Zhongli Electric Equipment Co. Ltd. provide steel-frame trays coated with fire-resistant paint or composite panels, offering 60-90 minutes of fire resistance . Suppliers often provide OEM/ODM customization, bulk discounts, and factory-direct pricing .

Pricing Considerations for Africa

In Africa, prices are generally higher due to import duties, shipping, and local distribution costs. While exact figures vary by country, expect a 20-50% markup over Chinese factory prices. Key factors affecting cost include:
