

Price of Multi-hole Cable Management Frame for Computer Room

Article Overview

Multi-hole cable management frames for computer rooms typically range from \$30 to \$150 per unit, depending on size, material, and brand.

Overview

Multi-hole cable management frames are designed to organize and route network and power cables in racks or cabinets efficiently. They often feature perforated channels or multiple ports to allow easy insertion and removal of cables, improving airflow and maintenance in computer rooms or data centers . Common materials include ABS plastic for lightweight trays or metal for more durable, heavy-duty frames .

Types and Features

- Horizontal Cable Managers: Mounted across the front or rear of a rack, often 1U to 4U in height, with multiple holes or T-shaped guides for patch cords .
- Vertical Cable Managers: Installed along the sides of racks, providing continuous cable routing with adjustable openings .
- Channel-Type Trays: Feature multiple perforated channels (e.g., 24 holes) for structured cable organization, suitable for Ethernet or fiber cables .

Price Considerations

- Small ABS trays (e.g., 24-port, 1U, 480x45x40mm) generally cost \$30-\$50 per unit .
