

Price of cable trays for billiard halls

Article Overview

Cable trays for commercial spaces like billiard halls typically cost between \$2 and \$25 per meter, depending on material, type, and finish.

Price Range and Factors

The cost of cable trays varies widely based on material, type, size, and surface finish. Common materials include:

- Galvanized steel: Durable and cost-effective, widely used in commercial installations (\$2-\$15 per meter)
- Stainless steel: Corrosion-resistant, higher cost (\$10-\$25 per meter)
- Aluminum: Lightweight and rust-proof, moderately priced (\$8-\$20 per meter)
- Plastic trays: Budget-friendly but suitable only for light loads (\$2-\$10 per meter)

The type of tray also affects pricing:

- Ladder trays: Strong, ideal for heavy cables, slightly higher cost
 - Wire mesh trays: Cheaper, suitable for lighter wiring
 - Perforated trays: Can save 15% or more if weight is not a concern
- Surface finishes influence durability and price:
- Hot-dipped galvanized (HDG): Long-lasting, higher upfront cost
 - Pre-galvanized: Cheaper but less durable in humid or corrosive environments
 - Powder-coated: Protects against wear and allows color customization
