

Price of heat shrink tubing for optical fiber cable

Article Overview

Fiber optic heat shrink tubing typically ranges from \$15 for small packs of 100 pieces to over \$200 for bulk packs of 250 pieces, depending on size, material, and reinforcement.

Typical Pricing Options

- Amazon offers a pack of 100 clear polyolefin heat shrink tubes (60mm length, 1.3mm inner diameter, 2.6mm outer diameter) for around \$15-\$20. These include stainless steel reinforcement for mechanical strength and moisture resistance, suitable for standard fiber optic splicing .
- MRO-Expert sells the Bojan BY-RSG102-250 fiber optic heat shrink tubing in packs of 250 pieces, reinforced with a single steel wire and eco-friendly PE jacket, designed for professional installations. Prices for these bulk packs are typically over \$200, not including shipping .
- Specialized suppliers like FiberOptic Supply and DigiKey offer a variety of sizes and wall thicknesses, with prices varying based on diameter, shrink ratio, and material. For example, 1/4" or 3/8" polyolefin tubing sold in 4ft sticks can range from \$1-\$5 per foot, depending on certification and quality .
- Kits and color-coded options are available from suppliers like Fosco Connect, which provide multiple sizes and adhesive types for fan-out or breakout applications. Prices for these kits typically start around \$20-\$30 for small sets .
