

Red light source calibration for ASEAN ten countries

Overview

On May 7, 2026, the ASEAN Secretariat announced the operational launch of the 'Industrial Metrology Green Corridor', enabling automated verification of CNAS-issued calibration and verification certificates across customs systems of all ten ASEAN member states. This development significantly impacts. The implementation of mandatory Minimum Energy Performance Standards (MEPS) for lighting appliances is one of the key priorities for ASEAN countries to promote energy efficiency. As stated in the Regional Policy Roadmap for MEPS for Lighting, ASEAN countries aim to implement mandatory MEPS by 2030. Asian Nations (ASEAN) was established on 8 August 1967. The Member States of the Association are Brunei Darussalam, Cambodia, Indonesia, Lao PDR, Malaysia, Myanmar, Philippines, Singapore, Thailand and Viet Nam. The ASEAN Secretariat is based in Jakarta, Indonesia. Market Integration - Trade. The global calibration light sources market size was valued at approximately USD 450 million in 2023 and is projected to reach around USD 720 million by 2032, growing at a compound annual growth rate (CAGR) of 5.
