

Single-mode multi-core optical cable manufacturer

Article Overview

Huihong Fiber, Comms Express, Eland Cables, RS Hong Kong, and Belden are key suppliers of single-mode multi-core optical cables with a variety of core counts, connectors, and cable types.

Key Suppliers and Offerings

Huihong Fiber offers single-mode multi-core fiber cables ranging from 4 to 288 cores, with options for SC, FC, ST, LC, MU, MTRJ, E2000, and MTP/MPO connectors. Cables are available in OFNR, OFNP, or LSZH types, with armored or non-armored constructions, and are factory-tested for quality. They support custom lengths and fast delivery, suitable for CATV, LANs, telecom, and video/audio networks . Comms Express provides multicore fiber optic cables in single-mode and multimode variants, including tight-buffered, loose tube, and armored loose tube constructions. They cater to both indoor and outdoor installations and offer a range of fiber sizes . Eland Cables supplies single-mode and multimode fiber optic cables for indoor and outdoor use. Their cables are designed for high bandwidth and long-distance transmission, with options for loose tube or tight-buffered designs, and fire-resistant versions available on request . RS Hong Kong stocks high-quality fiber optic cables from reputable brands like ABB, Broadcom, Bulgin, and Festo. They provide same-day or next-working-day delivery and support a wide range of networking applications . Belden offers single-mode (OS2) and multimode (OM1-OM5) fiber cables in tight buffer and loose tube designs. Their products include armored, burial, and ruggedized options for industrial environments, with plenum, riser, and LSZH ratings for indoor/outdoor use .
