

Tajikistan s export volume

Overview

According to the Customs Service, Tajikistan's export volume in 2025 reached approximately \$2. 5 billion, marking a 26% growth from 2024. Export volume indexes are derived from UNCTAD's volume index series and are the ratio of the export value indexes to the corresponding unit value indexes. Unit value indexes are based on data reported by countries that demonstrate consistency under UNCTAD quality controls, supplemented by UNCTAD's. This page will present official export statistics of the Republic of Tajikistan. The following data will be available here: The information will be updated based on data from government bodies, international organizations, and official reports. Statistics presented correspond to the 6th edition of the IMF Balance of Payments and. The total value of exports (FOB) is US\$ 1,261 million. Hirschman Herfindahl Market concentration index is 0. Year over year, revenues from Tajikistani.
