

Uzbekistan FC Adapter Energy Saving Type

Overview

Using a Type I power adapter will be ideal for Uzbekistan. Straightforward design makes it simple to operate. Uzbekistan uses Type C and F electrical outlets with 220V at 50Hz, requiring US travelers to bring a compatible adapter. Major cities like Tashkent, Samarkand, and Bukhara have stable power grids, though rural areas may experience occasional outages. The capital city is Tashkent, and the country is known for its historic Silk Road cities and Islamic architecture. Electricity supplies worldwide can vary. What type of plugs and sockets are used in Uzbekistan?

When you are going on a trip to Uzbekistan, be sure to pack the appropriate travel plug adapter that fits the local sockets.
