

Where are metal ladder-shaped cable trays manufactured

Overview

ABB designs and manufactures cable tray systems, including perforated tray, cable ladder, channel tray and strut (metal framing), directly from production facilities in Canada and Saudi Arabia. Combining local manufacture and distribution with an extensive product range, these facilities ensure we. Here are the top-ranked cable ladder companies as of May, 2026: 1. What Is a Cable Ladder?

What Is a Cable Ladder?

A Cable Ladder is a structure used for supporting and organizing cables and wiring. It is a type of cable. Heavy duty cable trays and cable ladders are manufactured from pre-galvanized, electro-galvanized, or hot-dipped galvanized sheet metal, designed to meet ideal environmental working conditions for indoor and outdoor use in commercial or industrial environments with high cable density. These trays consist of two parallel side rails connected by rungs at regular intervals, resembling a ladder.
