

Wholesale of low-loss hot aisle channels

Article Overview

Wholesale low-loss hot aisle containment systems are available from multiple global manufacturers offering customizable, energy-efficient solutions for data centers.

Key Suppliers and Manufacturers

1. Chinese Manufacturers

- Huamai offers high-grade hot aisle containment systems at wholesale prices, with options for customization to meet specific data center requirements .

- Sunpln Technology provides OEM and ODM hot aisle containment solutions, including prefabricated modular data centers and high-performance containerized systems. They hold ISO 9001 certification and multiple international safety certifications (UL, CE, RoHS, TUV), ensuring quality and reliability .

2. European and Global Suppliers

- Tate Global supplies floor-mounted hot aisle containment systems that channel hot air into overhead plenums. Their systems are modular or stick-built, customizable in length, height, and width, and support both air and liquid cooling environments .

- Kaltgang Warmgang specializes in steel enclosures for hot and cold aisle containment, offering modular and custom solutions to optimize airflow, reduce energy consumption, and maintain high cooling efficiency .

- Eagle Aluminum provides aluminum extrusion-based hot aisle containment solutions, including custom OEM designs. Their systems allow precise airflow management and are compatible with thermal drop panels, vertical panels, and barrier panels .
